

Al-Falah Islamic School | Weather Policy 2024-2025

Respected Parent/Guardian,

Assalāmu ‘Alaikum wa Rahmatullāhi wa Barakātuh

All praise is to Allāh Ta’ālā who has blessed us with Islām and Imān. May peace and salutations be in abundance upon our beloved Nabi ﷺ.

In the event of inclement weather, parents will be notified of Evening/Saturday Classes being canceled. When the temperature (factoring windchill) is forecasted to be -30 or below on Weather Network by 8:00 PM on the day before class, a decision will be made to cancel classes.

This notice will be sent out via the WhatsApp group “Al-falah Evening/Saturday School” as well as emailed to all parents using the addresses they used to register. We accept no liability if anyone misses the message. The notice may contain a duration of days or be limited to the day after, subject to the forecast. If the forecast changes to higher temperatures, the policy will be unaffected and classes will remain canceled.

The number of days being affected by inclement weather will have no bearing on the fees for that month. Fees are charged to ensure the children have a reserved seat in the classes. Exceptional instances of prolonged extreme weather will be subject to the administration's discretion.
